

HOW TO USE THE TIME TABLE

Trains at a Glance, is a handy guide brought out every year by the Ministry of Railways for the convenience of regular intercity and long distance travellers as well as foreign and domestic tourists. The timings of all the Mail/Express trains operated by Indian Railways are indicated in this book. However, the tables do not indicate all the stoppages of a train - only stoppages at important stations are shown. This publication does not include the timings of passenger (slow) trains, through and slip coach services. For these details, please refer the Zonal Timetables.

The Tables in this book will give you details about the departure and arrival timings of trains, the stoppages at major stations, their days of service, classes of accommodation, distance in kilometres and availability of pantry cars.

A step-by-step guide to help you find the right Table.

Method I

Using the Route Map with Table Numbers.

Passengers travelling between intermediate stations, can easily locate the relevant table using the Route Map with Table Numbers.

- Go to the Route Map on page 5-6
- Locate your starting station and trace the route to your destination station.
- The numbers along the route indicate the table numbers.

Method II

Using the Station Index.

- Go to the Station Index on page 9. This Index lists out all the stations appearing in the tables, in an alphabetical order.
- Important stations have various destination stations listed under them. The table numbers are given alongside the destination stations. Numbers of the trains connecting these stations are also mentioned for your reference.
- If destination stations are not listed under it, the table numbers will be specified against the originating station itself.
- Go to the relevant table, and choose the most convenient train.
